Backpacks for Kids Contents List

Southern Colorado Youth for Christ provides youth with backpacks filled with necessities as they transition from facilities back into community. As they are often alone, without jobs and without family, these backpacks provide hope and help to them as they start their lives over. They are always grateful when they receive this practical gift – and their hearts often are softened to the message of Christ’s love for them. Thank you for blessing our youth this way!

Young Men:

1. Gum
